

Q-Why a club membership?

A-We encourage all our patients to have a healthy skin care regimen. Membership allows you to stay on track while budgeting your time and money. Our memberships are an investment in a healthy, happier you.

Q-Why sign up with our office?

A-The selection of services are corrective and preventative and focus on multiple facial concerns at an amazing price.

Our experienced staff are trained to provide treatments safely and expertly to help you reach your skin care goals.

Q-How much is a membership?

A-\$125.00 per month or \$1,500.00 advance payment for full contract.

Q- I can't make it every month, what happens to the month I missed?

A-For 1-Year Memberships you have the option to "freeze" three 1-month blocks over 12 months for any reason.

For 2-year memberships there is no "freeze" option due to the extended contract time.

Q-Why a monthly plan?

A-Our skin cells regenerate about every 30 days. Monthly treatments allow you to maintain the integrity of your skin and also improve texture, tone and overall look of your skin.

Q-How long is my commitment?

A-One or two years depending on the membership you choose.

Q-How are my payments processed?

A-We auto-charge a credit card or debit card of your choice the 1st of every month every month of the 1-Year Membership and for the 2-Year Membership it is charged for the first 6 months of each contract year. A confirmation receipt will be emailed to you monthly.

Q-Can I pay for the year membership all at once?

A-Yes. Anyone wishing to pay in full is welcome to. Those who do will also receive a complimentary 60 minute massage and a gift from our Estheticians to assist with your home care regimen.

Q- How do I enroll?

A-We welcome you to come in and sign up. All you need is a valid photo ID, a credit or debit card.

- ◆ Complimentary consultation with Dr. Yarinsky (a \$200 value) for injectables and non-invasive facial rejuvenation options and/or cosmetic surgery.
- ◆ Give a Gift to a friend

*See contract for terms and conditions of each membership type.

Glycolic Peel with Endermolift

Skinceuticals glycolic Peel is a three step procedure combining exfoliation, chemical peel and cryogenic therapy. Endermolift provides multi-dimensional stimulation on the skin's surface to support collagen production. This treatment is ideal for reducing fine lines and wrinkles, laxity and dullness.

SkinMedica Illuminize Peel

A superficial chemical peel for mild imperfections to enhance your skin and provide radiance and a healthy glow.

SkinMedica Vitalize Peel

A deeper chemical peel for mild to moderate skin imperfections. Two days post treatment your skin cells will begin to turnover (your skin will peel) for three to five days. This treatment will aid in the improvement of hyperpigmentation, evening out skin tone and reducing the appearance of fine lines and wrinkles.

Microdermabrasion with Infusion

DiamondTome exfoliation uses crystal free diamond tipped wands to remove the outer layer of dead skin for smoother texture and promote growth of healthy new skin cells.

After exfoliation your skin will receive an additional therapy using serums and the new Hydro Wand infusion system to allow deeper product penetration. You may choose one of the following infusion serums:

Acne

Deep Hydration

Brightening

Vitamin C

Laser Genesis V

This is our trifecta of machines. Genesis V is a non-ablative laser facial using heat to gently warm the skin's surface. This amazing technology safely, naturally and effectively treats fine lines, wrinkles, reduces redness, scars, pigmentation concerns, reduces pore size and stimulates superficial collagen.

Sclerotherapy

This 30 minute treatment treats leg spider veins.
